Subject: Status of Project EHCJLI/03/02: Accord Menthol

Status of Project
EHCJLI.doc

Dear Hans,

attached is the status report of the Accord menthol study at PAREXEL Baltimore. Bettie and Val will take the responsibility during my trip to Japan. Candace, please make follow up on Plowshare device and questionnaire.

Please note that PAREXEL is not very exited about the planned meeting with Kim and Mary from MDS. It seems that there is an issue of competition and confidentiality.

Best regards and have a save trip to Germany,
Jan
